

SAFE

INDOORS CAMPAIGN

ASAP COUNCIL>>>

Equity and human rights can be fundamentally improved by inputs from varied disciplines including the humanities and Aerospace Medicine.

The technologies and concepts developed from the humanities and sciences offer a platform to impact environmental change, leverage altruism, and improve public policy.

Build your knowledge base and network by working across these fields and principles towards a greater good for the nation and the world, addressing global challenges and promoting a sustainable and equitable future for all.

To Apply:

Who we are- Our **WHY**

SAFE Indoors ASAP is a nonprofit project sponsored by the Mission-Next Foundation (501c3) committed to improvement of indoor air quality as a basic human right.

“Safe Air For Everyone...Advocates for Safe Air Policy”

Eligibility-

Interns: High School senior, undergraduate college or university student

Fellows: Graduate student or young professional

Must be 18 years old by August 1, 2023

Location-

Anywhere with a good internet connection

Duties and responsibilities-

Contribute, work with a team on solutions, attend seminars with guest speakers

Requirements and qualifications-

Interest in making things better for society, dedicate 3-4 hours per month for 8 months, minimum 2 brief writing requirements over the year, complete application process and onboarding meeting

Benefits-

Meet diverse yet like-minded people, develop skills in public policy advocacy and execution, gain real-world experience while learning from and connecting with interdisciplinary caring movers and shakers. Other benefits may include traveling stipends, publishing opportunities, speaking at conferences, and growing your personal list of mentors.
